

## STANSOLV® A-10CR (519)

**Cleanliness, advanced  
mechanical performance and  
protection against**

STANSOLV® A-10CR (519) provides superior protection of the product and the user, for all applications involving reduced extractables combined with puncture and solvent resistance. Recommended to persons sensitized to natural Latex proteins.

Material: Nitrile

Properties: - Resistance to solvents  
- High mechanical performances

Applications: - All applications requiring low levels particles and extractables combined with resistance to solvents and puncture  
- Silicon handling  
- Pure chemical manufacturing  
- Organic solvents handling  
- Chemical mixing

Certification category 3

CE 0334

3001

Categories / Standard:

Sizes/Article-no.:	Size:	Art.-No.:
	S	HSSTAN519S
	M	HSSTAN519M
	L	HSSTAN519L
	XL	HSSTAN519XL

Packaging unit: 72 pairs – packed by pair –
